# WHAT CAN I DO FOR YOU?

I am a skilled photographer, videographer & drone pilot, and a passionate content creator. Let me help you by creating marketing materials that you can use immediately and for years to come. With an artistic eye, I can align my approach to meet your desired aesthetic while maintaining your brand identity. We can determine exactly what your needs are so that you get the most out of our partnership.

In addition to UGC, another asset is my involvement in the travel industry. As a certified travel advisor, I have a database of over 1,200 personal clients in my province alone, and am funneled new clients on a regular basis. In addition, I work with clients in Ontario, Nova Scotia, and BC, and even some international travelers! These clients come to me for real life recommendations on where they should travel to, which hotels they should stay in, and what attractions they should not miss.
